DISCLAIMER

All measurements current up to 01/01/2020

All measurements have been taken from the base of each product. Coffins are splayed at the top.

It is recommended funeral homes conduct their own measurement programs to ensure casket and coffin dimensions.

Every effort by the ACC Higgins production team has been taken to ensure the attached measurements are accurate. Any variations of product combinations contained in this document may result in different dimensions to those listed.

ACC Higgins accepts no responsibility for differences in measurements using external or non-standard accessories aside from those listed here.
